GATEWAY is a national leader in graduation rates, undergraduate research, global experience, and graduate starting and mid-career salaries. We surpass the norms in so many areas because all of our resources are devoted entirely to undergraduates. For the driven student, there could be no better platform than Lafayette to find one’s way forward into society and the world.

NETWORKING FOR CAREER SUCCESS
“Working closely with my Gateway counselor, I’ve received a tremendous amount of support with my internship search process, including receiving alumni networking contacts, advice to approaching interviews, and handling myself when connecting with professionals working in my field of interest. Thanks to those experiences and the guidance of Gateway, I now have a solid networking list of alumni who have become mentors and friends.”

GATEWAY TO SELF-DISCOVERY
“I started with Gateway early because I wanted to get informed as much as possible about career choices and to maximize my opportunities. Through this program, I have learned about different types of employers and career possibilities, which widened my narrow ideas about career options.”

YOU’RE ABOUT TO START YOUR FIRST YEAR IN COLLEGE. WHY START THINKING ABOUT LIFE AFTER LAFAYETTE NOW?
Because with a little planning and focus you’re more likely to land that dream job or grad school with confidence and without any senior-year panic.

Maybe you have a clear idea of what you’ll be doing after college. Maybe you don’t. Either way, Lafayette’s Gateway program — starting in your first year — is for you.

One of the premier career development programs in the country and one of the reasons new graduates launch themselves so well, Gateway is an incredible bonus to your Lafayette education.

Lafayette College complies with all applicable federal and state legislation and does not discriminate in any way on the basis of race, color, religion, sex, sexual orientation, gender identity and expression, national origin, age, or disability.
In your second year of Gateway, you’ll begin to develop a network of mentors and go beyond your first major-career experiences.

Here’s what you’ll do:
- Participate in workshops, alumni panels, career fairs, and other professional development activities to enhance your knowledge, experiences, and network of contacts.
- Continue meetings with your Gateway counselor to refine your career or graduate study plan.
- Participate in mock interviews and career activities organized by CareerSpot.
- Attend Gateway orientation to explore various career pathways.
- Attend a Gateway orientation to learn about various career pathways.
- Refine your resume to discuss alumni connections.

One of the most important experiences you’ll have is the opportunity to have a “sherpa—a Lafayette graduate for several days. This experience will enable you to learn the intricacies of professional networking and connect you to the jobs and people and make valuable connections with Lafayette alumni.

INTERVIEWS AND INTERNSHIPS
In your third year of Gateway, you’ll continue to build and redefine your natural assets, expand your career-related skills, and begin to focus on the employment or graduate and professional school market based on your future plans.

Here’s what you’ll do:
